Dr Samuel Moore

Dear Sir

I have been given to understand, that in the contemplated change in the location of the Mint, there will be an opening for additional assistance. I have no means of judging of the correctness of this information and hope therefore that I am not premature, in asking your permission to consider myself a candidate for the situation. and asking also for such information as may be requisite

A variety of circumstances render the very desirous of vacating the situation that I have held for many years as Manager of the Phil.a Museum, it will therefore be agreeable to change even at a pecuniary sacrifice

I have the honour to be

respectfully your Ob.t Sv.t

Jas. Mease

Phil.a

Monday 21st Jan.y 1833.
